OUTDOOR KITCHENS

Trex Ready™ Outdoor Kitchens

Trex® Outdoor Kitchens is proud to debut the Trex Ready™ series – the pinnacle of quality, engineering, and style in outdoor stainless steel kitchen cabinetry, proudly made in the USA.

Trex Ready™ kitchens are constructed with 304-grade stainless steel and designed to provide long-lasting luxury in your outdoor space.

With seven available predetermined layouts, the Trex Ready™ series simplifies the design process by bringing together our most functional and versatile cabinet configurations with six designer-curated powder coat finishes. Customize your Trex Ready™ kitchen to suit your outdoor cooking and entertainment needs.

Durable 304-grade stainless steel is designed to withstand the elements.

Trash pull-out cabinets help keep your outdoor kitchen tidy and organized.

Soft-close drawers and doors, magnetic catches, and weather-resistant gaskets add a luxurious tactile feel.

Please note that countertops, appliances, plumbing are not included with sale of Trex® Outdoor Kitchens products and will have to be sourced separately. Installation not included.

Customize your outdoor kitchen in a few simple steps:

1 Select Layout

Find the ideal kitchen cabinet and appliance configuration for your outdoor space. The seven available layouts address a variety of appliance and storage needs.

2 Determine Grill Size

Kitchens are designed to fit 30"-36" or 42" grills from select manufacturers. Grill size will determine the width of the grill cabinet as well as the overall width.

3 Select Color

Choose one of six unique designer-curated powder coat finishes for your cabinets. Match the aesthetic of your outdoor environment or introduce a splash of color.

4 Back Panel Option

If the back of your kitchen is going to be visible, add powder coated back panels for a finished look from all angles.

Toe kick neatly finishes your outdoor kitchen in any setting.
